

Area Sales Manager

As an Area Sales Manager, you will be required to hire, train and develop a sales team in a B2B environment. You will also be expected to collaborate with client stakeholders and C-level contacts to develop solutions that are aligned to business objectives and workflows.

You must be able to provide in-depth knowledge of application solutions and our products and services as they apply to business processes. The position will require the use of a structured team selling approach that is based upon developing a strategy that achieves business objectives through the implementation of the services we provide.

Required Skills

- 3-5 years in sales management experience with a focus on team selling.
- Prior experience in an outside B2B sales environment is highly preferred.
- Must possess professional presentation and organizational skills, as well as excellent PC and problem-solving abilities; you must be a very activity-focused individual.
- Creative, motivated individual with a good work ethic, self-discipline, persistence, and good time-management skills.
- Must possess excellent communication and negotiation skills, exceptional listening and comprehension skills.
- Enjoy learning about and using new and cutting edge technology.
- High degree of analytical skills.
- Team-oriented.
- Positive and motivating personality.
- Ability to analyze and understand business problems with the assistance of the support structure available.
- Capable of assessing the needs of current and potential customers in relationship to overall document strategy / management, and / or IT Services with the intent to control costs and improve business workflows.
- Achieve quota through implementing creative sales strategies; perform comprehensive customer assessments and needs analyses.
- Develop proposals, presentations, and product recommendations.
- Maintain and grow current accounts while identifying and recruiting new accounts.
- Strategy-minded focus
- Understand how core business processes and technology can increase revenue, decrease costs, and/or increase productivity for our clients
- Identify business or workflow pain points, silos of data, and inefficiencies in operations
- Blend together available solutions that are driven by Business Intelligence, Workflow Efficiencies, and the ability to demonstrate strong ROI options
- Capable of assessing the needs of current and potential customers in relationship to overall document strategy / management, and / or IT Services with the intent to control costs and improve business workflows

Required Skills (Continued)

- Consistently achieves quota through innovative selling strategies; perform comprehensive customer assessments and needs analysis
- Client Advocate:
 - Contribute to a positive client experience at all levels
 - Provide solutions that create real value and a ROI for clients
 - Committed to service, integrity, and relationships with our clients
- Strong Leader:
 - Maintain loyalty to overall company vision and a team environment
 - Be proactive and contribute to process improvement and change
 - Model professionalism both internally and externally

Benefits Include

- Medical Insurance
- Company paid life Insurance
- Dental Insurance
- Vision Insurance
- Flexible Spending Account
- Company matching 401K plan
- Paid time off
- Paid holidays
- Professional environment where your ideas are encouraged, and you have the opportunity to grow your career
